Re; QLD State Rally 2009

Dear Marc, Harold and the Rocky Committee & Chapter,

We've been to many rallies over the past few years, both State and National and I'd have to say the 2009 State Rally hosted by Rocky Chapter and HD Dealership ranks as arguably the best we have attended.

On behalf of the Brisbane Chapter and all our members who attended, thank you very much, it was extremely well done. There was little doubt that all involved with this Rally had put in some serious time and effort into ensuring the event was very well organised and the attention to detail was just first class.

To you all, well done, you've done the Chapter, the Dealership and yourselves proud.

All the best, catch you on the roundabout.

PS: So who did win the Directors Challenge or was it a case of all Directors looked great in their Sumo suits.....I'm still not keen on a fish burger any time soon though...
